*Proceedings of the Government of His Highness the Maharaja of Mysore,
Land Revenue, dated 19th April 1911.*

**BEFORE THE GOVERNMENT OF HIS HIGHNESS THE
MAHARAJA OF MYSORE.**

APPEAL No. 4 OF 1910.

Appellant
Nanjundiah of Bidlapur, Devanahalli Taluk.

vs.

Respondent
Thammegowda.

Subject.

Appeal against the order of the Revenue Commissioner directing the registry of the pateli office of Bidlapur and Bidlapur Amanikere villages in the name of the respondent Thammegowda.

Facts of the case.

Prior to 1868, one Thammegowda, who was then a toddy contractor, was doing the duties of the pateli office of the villages in question. In the year 1868, one Bhinnanna, brother of the shanbhog of the above villages, was directed to do the duties thereof. He continued in office till 1874 and was then removed from the office on the ground of his being a Brahmin and also a hakdar to the shanbhogi office of the said villages. The appellant's father Cheluvu was then appointed to do the duties of the pateli office but on the complaint of one Tippegowda, brother of Thammegowda, he was appointed to do the duties with a right of reversion to Cheluvu according to the Assistant Commissioner's order dated 30th November 1875. Tippegowda died in 1887, and Cheluvu was then appointed patel with reversion to Tippegowda's children. Thereupon Muniveera, father of the respondent Thammegowda preferred an appeal to Government who declined to interfere on the ground that neither party had any hereditary right to the office and that Muniveera's claim might be considered when the office next became vacant. On the death of Cheluvu in 1904, the appellant Nanjundiah and the respondent's father Muniveera claimed the office, but the latter having in the meantime died, his son Thammegowda, the present respondent before Government, urged his claim to the office. The Sub-Division Officer directed the registry of the office in the name of Thammegowda and the same order was affirmed by the Deputy Commissioner with remark that it was in conformity with the previous orders directing the reversion of the office to the two families in succession. On appeal the above order was confirmed by the Revenue Commissioner on the ground that it was the respondent's turn to hold the office and that his qualifications were superior to those of the appellant.

Hence the present appeal to Government.

Order.

Government are inclined to dismiss the appeal on the ground that neither party had a hereditary right to the office and that the Deputy Commissioner was competent to appoint a stipendiary patel under the Land Revenue Code and that the respondent's appointment may be taken to have been so made.

No. R. 5821-8—L. R. 442-09-4, DATED BANGALORE, 19TH APRIL 1911.

Copy of the above is forwarded to the Revenue Commissioner in Mysore, together with the records received with his letter No. 4093, dated 5th October 1910, and (2) to the Deputy Commissioners of Districts.

READ—

The Administration Report of the Revenue Department for the year 1909-10, received with the Revenue Commissioner's letter No. 4036, dated the 30th September 1910.

No. R. 5910-20—L. R. 120-10-5, DATED BANGALORE, 22ND APRIL 1911.

ORDER THEREON.—The Government have perused with interest the report submitted by the Revenue Commissioner. It is gratifying that the district reports were mostly submitted with commendable promptitude, enabling the Revenue Commissioner to submit his report within two days of the prescribed date.

2. The year under review was one of generally favourable seasons. The average rainfall for the State was nearly equal to the average of the previous 31 years, and exceeded that of the year 1908-09 by more than 3 inches or by 8·6 per cent. The rains from the south-west monsoon were generally sufficient and seasonable, but the north-east monsoon proved somewhat disappointing in several districts, being not very timely or well-distributed. The outturn of crops did not therefore come quite up to expectations, but was better than for several years past. The average yield of the two principal crops, paddy and ragi, was 11·6 annas and 9·6 annas, respectively, against 7·8 annas and 5·1 annas during the year 1908-09 (a normal crop being taken as 16 annas).

3. The improvement in seasonal conditions also led to a large extent of new lands being taken up for cultivation and to a larger area being brought under crops. Deducting the area of lands resigned during the year, the net increase in the occupied area was 92,425 acres, and the net increase in the assessment was Rs. 1,00,639. There are still more than a million acres of assessed land available for cultivation, about a fourth of which are in the Tumkur District, and about a fifth in the Chitaldrug District. The total area under crops exceeded that of the previous year by 276,820 acres, of which more than 10,000 acres belong to the Chitaldrug District; but it is noticeable that there was a fall of 31,500 acres in the Shimoga District, in which the taluk of Shikarpur alone accounted for 26,000 acres. The Deputy Commissioner should be requested to report the circumstances to which this fall may be attributed.

4. With the increase in the cropped area and the improvement in the outturn of crops there was naturally a fall in the prices of agricultural produce from the high level reached in the two preceding years of drought, but the fall was very slight and prices still continued to rule much above the normal average of previous years. On the other hand, the wages of labour did not appreciably rise except here and there owing to local causes. The result was that the position was one of great benefit to the agricultural classes, and of some difficulty to the landless and labouring classes, and to persons in receipt of fixed money incomes. There was a decided decrease in transfers of lands from agriculturists to non-agriculturists. The statement in para 18 of the report that there was "a slight increase per contra," that is, in transfers of lands from non-agriculturists to agriculturists, does not seem to be correct, as the figures for these transactions are 14,006 acres for 1908-09 and 12,245 acres for 1909-10. But the net result of both classes of transactions was that there was an excess of 2,193 acres in favor of agriculturists.

5. In paras 45 to 47 of the report, an interesting account has been given of Agricultural Experiments, Exhibitions and Cattle Shows. The results of the practical, though rough, experiments in the cultivation of certain quick-growing varieties of paddy appear to be encouraging, and the experiments deserve to be repeated and the figures of outturn verified. The extension of the cultivation of groundnut is also deserving of attention.

The Dasara Agricultural and Industrial Exhibition which has been annually held in Mysore during the past four years has given an impetus to the holding of similar exhibitions and shows elsewhere in the districts, in which non-official gentlemen are evincing growing interest, subscribing the funds required for awarding prizes and undertaking the management of the details. During the past year

Proceedings of the Government of His Highness the Maharaja of Mysore,

Agricultural Exhibitions and Cattle Shows were held in all the districts except Tumkur and Kadur, at different places. Demonstrations of the use of a thrashing machine and other agricultural implements were also given at various centres in the Kolar, Kadur and Hassan Districts. A depot has been opened in Bangalore where implements which may be confidently recommended to the raiyats will be stocked, and through which special implements may be imported on the application of persons desiring to obtain them.

6. The net recoverable demand for the year was Rs. 1,25,40,624 on account of land revenue, and Rs. 3,89,382 on account of mohatarfa. The amounts collected were Rs. 1,04,98,220 and Rs. 2,92,841 respectively, or 83·7 and 75·2 per cent of the demand. Under land revenue, 90·3 per cent of the current demand and 48·2 per cent of the arrears were collected. On the whole, the collections were better than in the previous year, especially in the Kolar, Tumkur and Chitaldrug Districts, but, considering the great improvement in the position of agriculturists by reason of good harvests and high prices, the collections cannot be said to have been satisfactory. This is particularly the case in the Hassan and Shimoga Districts, where the percentage of collection of land revenue was only 78·90 and 83·97, respectively, and the year closed with a heavier outstanding balance than it began with. The recovery of the instalments, that fell due during the year, of takavi advances and loans for irrigation wells and other land improvements, was also very backward, except in the Districts of Kolar and Chitaldrug, the total recoveries amounting to only about 50 per cent of the demand. The Mysore, Hassan and Kadur Districts were practically slow in this respect. The Government have made note of the names of the Amildars mentioned in paragraphs 25 and 28 of the report, who have done good work or exhibited lack of interest in the matter of collections. It would be more useful if, in future reports, the names of those singled out for praise or blame are given with some uniformity and more definiteness for all the districts.

7. The number of coercive processes of all kinds issued for the recovery of land revenue was about the same as last year, i.e., slightly under 88,000; but the number of cases in which sales were actually held was only 1,759 against 2,510 in the previous year, and the amount recovered by this means was Rs. 40,907. The total recoveries by coercive processes amounted to Rs. 15,53,383 or 14·8 per cent of the total collections (not 19·8 per cent as mentioned in the statement in para 32 of the report). Of this sum nearly two-thirds was realised by the mere issue of notices of demand.

8. The Government are glad to learn that there has been some improvement in the submission of the periodical Revenue and Treasury Accounts, though there is still room for considerable further improvement in this direction. Separate orders will be passed regarding the Revenue Commissioner's suggestions about the simplification of these accounts and the preparation of suitable manuals.

9. The number of darkhasts for land received during the year was Rs. 16,131. Including the number pending from the previous year, the total number of darkhasts for disposal was 25,211. The number actually disposed of was 16,660. The pending list is still heavy in most of the districts and a large number of the cases have been awaiting disposal for over two and three years. The arrears were greatly reduced in the Districts of Kolar and Chitaldrug, but they have increased in the Mysore, Hassan and Shimoga Districts. Government consider that, except in cases where unassessed land has to be assessed for agriculture, a delay of more than two months, even if so much, in the disposal of a darkbast should be unnecessary, and they hope to see greater improvement in this direction reported for the current year.

10. The improved seasonal conditions caused a decrease in the demand for takavi advances and loans under the Land Improvement Loans Regulation. About 5,900 applications were pending from the last year, and the number of fresh applications received during the year was 260. Most of the applications were not pressed, and many were rejected as inadmissible. In 995 cases loans amounting to Rs. 71,990 were granted, chiefly in the Tumkur, Kolar, Chitaldrug and Bangalore Districts. The Government agree with the Revenue Commissioner in the

Land Revenue, dated 22nd April 1911.

view that the system of granting these loans should be actively pursued even in normal times as a means of increasing the resources of the agricultural population, although it is only in seasons of scarcity and distress that it acquires special importance. At the same time it is necessary in the interests both of the raiyats and of the Government that adequate security should be taken and the conditions of repayment strictly enforced. The unsatisfactory state of the accounts relating to these loans granted in the past in some districts, brought to notice in the report, is a serious matter and should receive the early and careful attention of the Deputy Commissioners.

11. The account given in para 33 of the report, of the administration by the Revenue officers of inam villages under Government management, is again disappointing. The number of such villages is 135, but particulars of the demand, collection and balance of revenue are stated to be available as regards only

District	Number under Government management	Number for which D. C. B. Accounts are not available
Bangalore ...	31	18
Kolar ...	23	21
Tumkur ...	21	1
Mysore ...	38	0
Hassan ...	18	18
Chitaldrug ...	4	4
	135	64

64 villages. These figures are distributed among the several districts as shown in the margin, from which it will appear that the disparity is greatest in the Mysore and Tumkur Districts and very great in the Bangalore District. The demand, including the arrears of previous years, for these 64 villages, was Rs. 1,11,039, of which a sum of only Rs. 33,006 was collected. If these statistics are correct their unsatisfactory character is patent and calls for immediate attention on the part of the Deputy Commissioners concerned.

12. The inspection of major and minor tanks by Deputy Commissioners and their Assistants was fair. In regard to the maintenance and repair of tanks also, the work done by Government agency was fair, but the quantity of earthwork done, as raiyats' share of the work, was considerably less than in previous years. It is probable as suggested in the report that this was due to the greater agricultural activity in consequence of seasonable rainfall after a year of drought. There is still an enormous amount of work to be done in the matter of tank restoration in most of the districts, and the importance of the raiyats coming forward to do their share of the work and thus hastening the Government programme should be strongly impressed on them. Deputy Commissioners would do well to draw up a careful programme of tank restoration for each taluk, and allot funds for the purpose according to local needs; and the manner in which the programmes are carried through and the allotments worked out would be a useful test of the efficiency and capacity of Sub-Division Officers and Amildars.

The Government are glad to find that the long-established custom of fixing stones on tank bunds to define the share of the work to be done by each raiyat or group of raiyats has also been introduced in the Kolar District.

13. It is to be regretted that in most of the districts the systematic inspection of boundary marks in the manner laid down in the Land Revenue Rules and the Revenue Commissioner's Circular Orders has not been undertaken; though the result of such inspection as was undertaken was satisfactory, the boundary marks generally and those on the British frontier being found in fair condition.

14. The inspection of District and Taluk Treasuries was not fully carried out in accordance with standing orders. There is no excuse apparent for not inspecting the Kadar District Treasury and the Taluk Treasuries at the District Head-quarter Stations of Bangalore, Chikmagalur and Chitaldrug even once.

15. The success that has attended the efforts of local officers in the matter of inducing the raiyats to open out village roads in the Hassan and Shimoga Districts is very gratifying, and should encourage other officers in persevering with similar efforts in their districts. In the Hassan District, about 214 miles of new road are reported to have been opened out, of which a length of 108 miles was in the Manjarabad Taluk. A length of 66 miles of village roads was opened out in the Tirthahalli Taluk.

Proceedings of the Government of His Highness the Maharaja of Mysore.

16. The observations of the Revenue Commissioner regarding defects in the present system of carrying out the work of vaccination in the villages are referred to the Sanitary Commissioner. At the same time, it must be mentioned that the new system, under which vaccinators have been placed under proper professional control, does not relieve Amildars and other Revenue officers of the duty of actively co-operating in the work and inducing the people to avail themselves of the benefits of vaccination.

17. The remarks in para 63 of the report regarding the requirements of the Revenue Department in the matter of buildings are referred to the Chief Engineer for consideration and needful action in the Public Works Department.

18. It is gratifying that the working of the District and Taluk Offices is considered by the Revenue Commissioner to have been fairly satisfactory.

19. The touring of most of the Deputy Commissioners and Sub-Division Officers was not sufficient. The deficiency should have been explained. The Revenue Commissioner was in camp for 91 days during the year, including 39 days spent at Mysore.

20. It is unnecessary to notice in this review the many other matters of interest which the Revenue Commissioner's report deals with. The report is very instructive and well worth the careful perusal of all Revenue officers. Particular attention is invited to the remarks regarding District and Sub-Division Officers' annual reports in para 2, the jamabandi settlement in para 21, the disposal of darkhasts in para 24, the restoration of tanks in para 34, the grant of takavi advances and loans for land improvement in para 40, the training and management of village officers in para 68 and notes of inspection by Sub-Division Officers in para 72. The Government desire to convey to the Revenue Commissioner, Mr. Rajakarya Pravina A. Rangaswami Iyengar, Rao Bahadur, their appreciation of the efficient manner in which the work of the Revenue Department was conducted.

Letter No. 9745, dated the 17—24th March 1911, from the Revenue Commissioner in Mysore, submitting the accompanying copy of the statement showing the losses in cattle of various kinds for the quarter ending the 30th September 1910, together with a copy of his review thereon :—

The Revenue Commissioner's Review No. 9736-44, dated 17th February 1911.

SUBJECT—Statements showing the losses in cattle of various kinds received from the Deputy Commissioners of Districts for the quarter ending the 30th September 1910.

Recorded.

2. The accompanying consolidated statement shows the extent of cattle mortality in the State during the quarter ending the 30th September 1910, as compared with that of the corresponding quarter of the previous year. It will be seen therefrom that the total losses are 18,688 and 29,060, respectively, and give a decrease of 10,372 during the quarter in question. This decrease is proportionately distributed under deaths by sickness, deaths due to wild beasts, and deaths by accidents and other causes.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
Agriculture, dated 4th April 1911.*

READ—

Memo No. 25, dated the 21st November 1910, from the Military Secretary to His Highness the Maharaja of Mysore, to the Dewan of Mysore, submitting a scheme for the improvement of the breed of milch cattle in the State.

Subject.

Establishment of a breed of milch cattle in the Mysore Province.

His Highness has given a general but not formal approval of the scheme outlined below which, I trust, you will kindly place before him with such alterations as your experience leads you to suggest.

In Mysore we have excellent indigenous breeds of trotting cattle in the Amrut Mahal, in the Palace herds and in certain other well known varieties of the Mysore breed.

But we have no distinctly milch breed such as the Nellore and Kathiawar breeds.

Modern science has proved that by selection and care types can be fixed and it is proposed that a Committee should be framed with the object of starting a distinct milch breed in this Province.

The Committee to consist of the following gentlemen :—

Mr. Kantaraj Urs.
Mr. Lakshmi Kantaraj Urs.
Mr. Nanjundaraj Urs.
Lt.-Col. R. G. Jones.

It is proposed that the above Committee should be furnished yearly with the sum of Rs. 3,000 for the purpose of purchasing cattle which are good milkers of the local breed:

That the milkers so purchased be located as regards the first 20 cows at Kunigal Stud Farm.

And the next 20 cows at the Palace Karohatti.

The cows to be bred from by bulls selected by the Committee and the male stock to be made available for use at each district headquarters free for service.

When the herd gets fairly large the stock will be transferred to the Hunsur Depot for further operations but until about 800 head of cows have been collected no yearly sales of the milking stock can be contemplated.

NO. R. 5610-6—AGRI. 106-10-2, DATED BANGALORE, 4TH APRIL 1911.

ORDER THEREON.—Government are pleased to accord sanction to the scheme as outlined in the memo read above and direct its being brought into operation with effect from the 1st July 1911. Lt.-Col. Jones will be the President of the Committee.

2. The necessary provision of Rs. 3,000 will be made in the budget to meet the expenditure during 1911-12.

3. A report should be submitted to Government at the end of every year on the results achieved.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—The following papers relating to the settlement of the Ittikaldurga Forest Block II in the Bagepalli Taluk of the Kolar District:—

(1) Letter No. 125, dated the 7th October 1910, from the Forest Settlement Officer in Mysore:—

“I have the honor to report on the conclusion of the settlement of the Ittikaldurga Block II in the Bagepalli Taluk of the Kolar District.

2. The initial Notification under Section 4 of the Forest Regulation proposing to constitute the area into a State Forest was published on pages 659 and 660 of the *Mysore Gazette*, Part I, (English), dated the 12th December 1907, and the proclamation thereof under Section 5 of the said Regulation was issued by my predecessor Mr. M. Shama Rao, and the same appeared on pages 95 and 96 of the *Kanarese Gazette*, Part II, dated the 20th February 1908. The proclamatory notices were got served on the villagers concerned through the Amildar of the Bagepalli Taluk.

3. The tract was inspected and perambulated by me in company with the District Forest Officer (Mr. H. Ramiah) and the acting Amildar (Mr. Kanniah Sastri) from the 18th to the 20th February 1910. It is a scrub jungle and contains only a few stunted trees of the reserved kind.

4. The following claims were put forward before me during the enquiry:—

(i) Four claims to right of way.

(ii) Four claims to right to water.

(iii) Sixteen claims to rights not falling under any one of the above.

All the claims in (i) and (ii) were admitted and recorded in the “B” Register. Of the sixteen claims in (iii) eleven were admitted and five rejected.

5. The Deputy Commissioner has intimated in his docket No. 38, dated the 19th September 1910, that no appeals have been preferred to him against my settlement decision.

6. The following records are herewith submitted:—

(i) “B” Register of claims.

(ii) “C” Register of lands.

(iii) Sketch map.

(iv) Boundary Notification.

(v) Topo tracing.

7. The date from which the reservation is to take effect has to be inserted in the draft boundary notification.”

(2) Letter No. 6662, dated the 20th December 1910, from the Revenue Commissioner in Mysore, stating that the final notification may issue.

(3) Letter No. 8112, dated the 7th March 1911, from the Conservator of Forests in Mysore, pointing out certain omissions in the settlement papers.

(4) Statements B and C.

1	Mamulreddi, Patel of Naravajpalli, on behalf of raiyats	15th Feb. 1910	States that it will be inconvenient if the line is laid so very close to the village and requests therefore that it should be shifted to a higher point close to the eastern boundary.		About 50 acres may be excluded from the reserve out of Survey No. 6 for the use of the villagers.	As the line between the limits of Naravajpalli and Sakkampalli is very crooked, it will be devised so as to exclude 50 acres out of Survey No. 6 for the use of the raiyats. C. Venkata Rao, Forest Settlement Officer. 30th May 1910.		...
2	Mamulreddi, Patel of Naravajpalli, on behalf of villagers.	Do	Requests that the Kotikonda situated in Survey No. 6 should be excluded from the proposed reserve as the village cattle go there for water and states that there is no other source of water for them elsewhere.		Kanta in Survey No. 6 cannot be excluded from the reserve, but the raiyats may have the right of way to the said kanta.	In Survey No. 6 there is a kanta called Kotikonda to which the village cattle go for drinking water. A right of way to a width of 5 yards along the kanta in the same survey number is admitted for men and cattle only all the year round, as also the right to use the water of the above kanta. C. Venkata Rao, Forest Settlement Officer. 30th May 1910.		...
3	Balappa, Patel-gumast of Sakkampalli, on behalf of villagers	Do	Represents that there is a kanta known as Kotikondakanta situated in the Vasantpur limits, to which the cattle go for water and that it should be recognized.		May be admitted	A right of way to Kotikondakanta which is in the Vasantpur limits is admitted for men and cattle only when water is not available elsewhere, as also the right of using the water of the above kanta for the cattle. C. Venkata Rao, Forest Settlement Officer. 30th May 1910.		...
4	Balappa, Patel-gumast of Sakkampalli, on behalf of raiyats.	Do	States that there is a temple called Avakondaraya's temple which is included in the proposed area and that the raiyats request that a right of way to it with a camping ground should be allowed.		Rights of way to the temple may be allowed, but no camping ground is necessary as the worship is occasional and no annual jatra is held.	A right of way to Avakondaraya temple situated in Survey No. 7 is admitted for men and cattle only throughout the year. Width to be 6 feet. C. Venkata Rao, Forest Settlement Officer. 30th May 1910.		...
5	Do	Do	Requests that the line may be shifted higher up as it touches the south-east corner of Survey No. 40 to which the village cattle generally go for grazing.		Twenty-five acres out of Survey No. 7 may be excluded.	The arrangement ordered in connection with the deviation of the demarcation line within the limits of Naravajpalli necessarily involves the exclusion of 25 acres of land out of the proposed area. C. Venkata Rao, Forest Settlement Officer. 30th May 1910.		...

Revenue (Forest), dated 10th April 1911.

6	Manjareddi, Patel of Mangalagondi, on behalf of ryots.	Do	Claims right of way leading from this village to Vasantapur.			Foot-path from Suddapalli to Vasantapur is admitted for men and cattle only throughout the year. Width to be 6 feet. C. Venkata Rao, Forest Settlement Officer. 30th May 1910.
7	Narayanreddi, Patel of Makreddipalli, on behalf of ryots.	Do	Requests that the line may be shifted higher up by three chains as it runs close to the village tank Survey No. 26 and Survey No. 40 of Suddapalli.			As the line touches the village tank Survey No. 26 and Survey No. 40 of Suddapalli, it will be shifted to a point 3 chains west of the common boundary of the above survey numbers. C. Venkata Rao, Forest Settlement Officer. 30th May 1910.
8	Narayanreddi, Patel of Makreddipalli, on behalf of villagers.	Do	Claims right to water their cattle in Thelirechachina which has a perennial supply of water, with a camping ground of five chains.			Right to kuntas known as Thelirechachina and Kontiankunta situated in Survey No. 24 is admitted and they are treated as enclosure within the block. Right of way to them will be admitted throughout the year to a width of 15 feet with a camping ground of five chains around each kunta. C. Venkata Rao, Forest Settlement Officer. 30th May 1910.
9	Narayanreddi, Patel of Makreddipalli, on behalf of ryots.	Do	Requests that Kontiankunta should be excluded from the reserve.		Do	
10	Do	Do	Claims right of way over the foot path leading from this village to Narainthavanti temple situated in the limits of Suddapalli.		May be admitted	A right of way to Narainthavanti temple situated in Survey No. 7 of Suddapalli is admitted for men and cattle only all the year round. Width to be 15 feet. C. Venkata Rao, Forest Settlement Officer. 30th May 1910.
11	Narjanreddi, Patel of Kannampalli, on behalf of ryots.	Do	Prays that the line may be shifted so as to exclude Mangalagondi hill and a portion of Timmapalli village lands to which the ryots take their cattle for grazing.		11 and 12. The prayer of the ryots to exclude a portion of Timmapalli lands as well as the well near Mangalagondi hill cannot be complied with as there are tanks close by	The claim of the ryots of Kannampalli to graze their cattle in the kungal lands of Timmapalli is denied by the village patta who says that occasionally they come for grazing in his village lands but that these ryots have no mamool right to it. Even after reservation, the area left in Timmapalli village is ample for the grazing of the cattle of this village as well as those of Timmapalli. The ryots' prayer is therefore rejected. C. Venkata Rao, Forest Settlement Officer. 30th May 1910.
12	Do	Do	States that the cattle go to a well excavated in the Timmapalli lands, in the ryots' and that it should be excluded from the reserve.

13	Adireddi, Patel of Tummapalli on behalf of raiyats	16th Feb. 1910	Claims right of way to the foot-path to Katlakunkunta in the Vasantapur village to which the raiyats take their cattle for water.	...	A right of way to Katlakunkunta may be allowed from Channamancharu on the south-east to Saddapalli on the west so that this and other village cattle may go for water.	Right of way through Channamancharu to Katlakunkunta is admitted for men and cattle only when water is not available elsewhere by means of foot-path leading from Saddapalli to Vasantapur. C. Venkata Rao, Forest Settlement Officer. 30th May 1910.		...
14	Narasreddi, Patel of Maddapalli, on behalf of raiyats	16th Feb. 1910	Requests that the line now laid out should be shifted one furlong higher up.	...	The raiyats' prayer cannot be complied with as only a small area has been proposed.	The raiyats' prayer to shift the line to the west by a furlong cannot be complied with as out of 800 acres of gomal of this village only 112 acres and 31 guntas are proposed to be reserved. The area left for the use of the villagers is more than enough. C. Venkata Rao, Forest Settlement Officer. 30th May 1910.		...
15	Narasreddi, Patel of Vasantapur, on behalf of raiyats.	Do	States that he has no objection if the old demarcation line is confirmed.		The proposed line may be confirmed.	This is a beelrath village. Only 2,500 acres and odd out of 7,352 acres and 21 guntas are proposed to be reserved to the Forest Department (Block II). The reserved waste measuring 64 acres and 7 guntas in addition to 100 and odd acres of kharab and there can be no manner of objection to the proposal of the Forest Department. The Patel's contention that more lands should be left for the use of the surrounding villages to which gomal lands are invariably attached is frivolous. Under these circumstances the proposal of the Forest Department is confirmed. C. Venkata Rao, Forest Settlement Officer. 30th May 1910.		

Revenue (Forest), dated 10th April 1911.

17	Do	Do	States that if the lands around the Kattankunthi to which the cattle of 8 or 9 villages in the water are not excluded, the rajputs will be put to much inconvenience	Do	The kunka is the heart of the forest and cannot be concluded. A right of way may be given.	One right to the use of water of Kattankunthi situated in Survey No. 52 is claimed by the rajputs for the cattle of the surrounding villages. It is ascertained that this kunka has got a plentiful supply of water and consequently cattle from distant villages are brought here during the hot season for watering their cattle. Hence enclosure is essential to treat it as a common grazing place. A right of way to this kunka will be allowed by means of foot-path leading from Suddapalli to Vasanthapur. A camping ground of five chams all round will be admitted for the use of the cattle.	C. Venkata Rao, Forest Settlement Officer.	20th May 1910.
18	Do	Do	Prays that the hill known as Burragutta may be excluded.	Do	An extent of 50 acres out of Survey No. 63 may be excluded	The proposed line touches Survey Nos. 25, 27, 18, 6, and 21 in the folding of the ravine. Besides it is a very crooked at present and therefore the same will have to be made straight so as to exclude about 50 acres more including Burragutta for the use of the rajputs	C. Venkata Rao, Forest Settlement Officer.	30th May 1910.
19	Do	Do	Requests that the kunka situated to the west of the hill (Burragutta) should be excluded from the reserve.	Do	A right of way to kunka in Survey No. 129 of Balreddipalli may be allowed.	Right of way to kunka in Survey No. 129 of Balreddipalli is admitted for men and cattle only throughout the year, by means of foot-path leading from Balreddipalli to Devrajipalli.	C. Venkata Rao, Forest Settlement Officer.	30th May 1910.
20	Do	Do	Requests that the old demarcation line may be confirmed.	Do	The line may be shifted so as to exclude 150 acres out of Survey No. 110 and 45 acres out of Survey No. 117.	The proposed line runs close to occupied Survey Nos. 113, 112, 111 and 118. It will be shifted so as to exclude 150 acres out of Survey No. 110 and 45 acres out of Survey No. 117	C. Venkata Rao, Forest Settlement Officer.	30th May 1910.
21	Do	Do	States that he is not willing to part with land Survey Nos. 130 and 131 now included in the forest.	Do	These survey numbers may be treated as enclosures with a right of way.	Survey Nos. 130 and 131 are in the holding of Venkataraddi who is not willing to part with them. Hence they will be treated as enclosures within the block and a right of way to them will be allowed by means of foot-path leading from Balreddipalli to Devrajipalli	C. Venkata Rao, Forest Settlement Officer.	30th May 1910.

(i) Foot-path from Balreddipalli to Devrajpalli is allowed for men and cattle only throughout the year. Width to be six feet. 23	Errareddi, Patel of Patpali, on behalf of villagers.	18th Feb. 1910	States that the line may be shifted to a point two furlongs from the high road, as otherwise the area to be left for the use of the raiyats would be quite insufficient.		Only a small area has been proposed and therefore the raiyats' request cannot be complied with.	As only a small extent of land has been proposed, from this village, the claim of the raiyats is rejected. C. Venkata Rao, Forest Settlement Officer. 30th May 1910.		
24	Avalaraddi, Patel of Nirgauppalli.	20th Feb. 1910	States that the raiyats do not like to have Survey No. 47 included in the forest as they intend applying for cultivation and that a right of way to kunta in the same survey number may be allowed.		No gomal land has been proposed to be reserved and therefore does not inconvenience the people. The objection is unreasonable.	A right of way to the kunta in Survey No. 47, as well as that relating to the use of the water thereof is admitted for men and cattle only throughout the year. Width to be six feet. C. Venkata Rao, Forest Settlement Officer. 30th May 1910.		

N.B.—As there is likely to be some objection in future regarding the right of raiyats to repair the several kuntas now included in the forest, the Forest Department is not likely to be interested in maintaining them and as their maintenance is very necessary in the interests of cattle owing to the poor rainfall in these tracts, it is hereby ordered that the villagers be entitled to repair the respective kuntas when the same fall into disrepair.

A. Remarks.—The following rights of way are admitted within the block:—

(i) Foot-path from Saddapalli to Vasantapur, 6 feet wide and about 205 chains long, open for men and cattle only throughout the year. It enters the forest in the western boundary in Survey No. 7 of Saddapalli at a point about 10 chains from the south-east corner of Survey No. 14 of the same village, goes south-east through Survey No. 7 of the same village and Survey Nos. 54, 51 and 56 of Vasantapur and quits the forest in the eastern boundary on the bund of Channammanacharvu (Survey No. 57).

(ii) Foot-path from Balreddipalli to Devarajpalli, 6 feet wide and about 150 chains long, open for men and cattle only throughout the year. It enters the forest in the western boundary at the corner of Survey No. 128 of Balreddipalli, goes north-east through Survey Nos. 117 and 129 and south along the village boundary of the same village for about 55 chains, and turns north-east and goes through Survey No. 62 of Devarajpalli and quits the forest in its eastern boundary in Survey No. 25.

(iii) Foot-path from Balreddipalli to Pathapalya, 6 feet wide and about 150 chains long, open for men and cattle only all the year round. It enters the forest in the western boundary at a point about 10 chains from the south-east corner of Survey No. 111, goes south-east through Survey No. 110 of Balreddipalli, 63 of Devarajpalli and 98 of Patkote and quits the forest in the eastern boundary at a point about 23 chains from the north-west corner of Survey No. 64 of Devarajpalli.

(iv) Foot-path from Narvalapalli to Kottakunta, 15 feet wide and about 35 chains long, open for men and cattle all the year round. It enters the forest in the western boundary at the north-eastern corner of Survey No. 7 of the same village, goes south-east through No. 6 to kunta.

B. The following concessions are allowed within the block:—

1. The raiyats of Saddapalli, Timmapalli and Vasantapur villages are permitted to take their cattle to Kattakonikunta in Survey No. 52 of Vasantapur by means of foot-path No. 1, *supra*, (*i.e.*, from Saddapalli to Vasantapur), when water is not available elsewhere. The kunta has been treated as an enclosure with a camping ground of 5 chains all round.

2. Right of way to Avalkondarayan temple in Survey No. 7 of Saddapalli, 6 feet wide and about 14 chains long, is admitted within the block for the use of Saddapalli villagers. It enters the forest in the western boundary in Survey No. 7 of the same village, goes north-east through Survey No. 7 to temple.

Rerenne (Forest), dated 10th April 1911.

3. Right of way to Narasimhaswami temple in Survey No. 7 of Saddapalli is admitted within the block for the use of Makreddipalli raiyats. It enters the forest in the western boundary in Survey No. 24 of the same village, goes east and north through Survey No. 24 of Makreddipalli and 7 of Saddapalli to temple, width to be 15 feet.

4. Theellaneelachalna in Survey No. 24 of Makreddipalli is treated as an enclosure within the block with a camping ground of 5 chains all round for the use of the village cattle. Right of way will be allowed by means of foot-path No. 3 *supra*, width to be 15 feet.

5. Koutiankunta in Survey No. 24 of Makreddipalli is treated as an enclosure within the block, with a camping ground of 5 chains all round, for the use of Makreddipalli village cattle. Right of way is allowed by means of foot-path leading from Makreddipalli to Koutiankunta. It enters the forest in the western boundary in Survey No. 24, goes east through the same survey number to Kunta, width to be 15 feet.

6. Survey Nos. 130 and 131 of Balreddipalli are treated as enclosures within the block, with a right of way to them, by means of foot-path No. 2 *supra* (i.e., from Balreddipalli to Devarajpalli).

7. The raiyats of Balreddipalli and Devarajpalli are allowed to water their cattle in Bavikunta in Survey No. 129 of Balreddipalli, by means of foot-path No. 3 *supra* (i.e., from Balreddipalli to Devarajpalli).

8. The raiyats of Nceigantipalli are allowed to take their cattle to kunta in Survey No. 47 of the same village by means of a foot-path leading from Niregantipalli to kunta passing through Survey No. 47, width to be 6 feet.

N. B.—As there is likely to be some objection in future regarding the right of raiyats to repair the several kattes now included in the reserve, as the Forest Department is not likely to be interested in maintaining them, and as their maintenance is very necessary in the interests of cattle owing to the poor rainfall in these tracts, it is hereby ordered that the villagers be entitled to repair the respective kattes when the same fall into disrepair.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Government Order No. Fl. 7166-211—G. F. 280-05-36, dated 30th April 1906, appointing a Committee of enquiry consisting of the two Members of Council to suggest for the consideration of Government possible courses for the improvement of revenue and of retrenchment in expenditure.

2. Paras 128 to 145, Section IV, Part III, of the Quinquennial Review of Revenue and Expenditure, 1904-05 to 1908-09, by the Comptroller and Financial Secretary, relating to the growth of expenditure on ordinary Civil Administration.

No. Fl. 4634-13—G. F. 442-10, DATED BANGALORE, 3RD APRIL 1911.

ORDER THEREON.—On a careful consideration of the review of the progress of revenue and expenditure from 1894-95 to 1903-04, submitted in 1905 by Mr. N. G. Basu, then Comptroller, Government recognised the need for a close scrutiny into the expenditure of each of the Departments of the State and for effecting retrenchments and reductions where possible.

2. With that view, in the Government Order of the 30th April 1906 read above, Government appointed a Committee consisting of the two Members of Council to make such an examination and to suggest to Government the directions in which the expenditure could be curtailed and revenue improved. The Committee dealt with several Departments and made proposals for a reduction of expenditure in various directions. The recommendations in respect of certain Departments were accepted by Government and given effect to with some modifications. But for several reasons the retrenchment actually effected has not been considerable and, on the other hand during the past few years a large amount of permanent and recurring expenditure has also had to be sanctioned in certain Departments.

3. The present review prepared by Mr. Chakravarti, Comptroller and Financial Secretary, again brings the subject prominently to notice and shows how a great deal of work still lies before the Retrenchment Committee and how it is absolutely necessary to effect a large and appreciable reduction in the ordinary expenditure of Administration. To achieve this result without loss of time, it is necessary that the Committee should be enlarged and strengthened by the inclusion of additional members representing some of the Departments of the State, so that it may be in a position to examine and discuss the work and expenditure of each Department in a thorough and practical manner with a due regard to efficiency and cost, and may be enabled to make recommendations to Government the adoption of which will be practicable and will fix in a definite and final form the organization and maximum expenditure of each Department for a number of years to come.

4. The Committee as thus enlarged will consist of the two Members of Council, the Revenue Commissioner, the Chief Engineer and the Comptroller and Financial Secretary. The Head of each of the other Departments of Government will be called on to advise the Committee, while it deals with the Department concerned. The First Councillor will preside over the sittings of the Committee and the Comptroller and Financial Secretary will discharge the functions of Secretary to that body. The Committee will have power to call upon any Head of Department or Office to furnish to it any information that may be necessary and to require the attendance of any Officer at its sittings for consultation and personal discussion of matters relating to his Office or Department.

5. It will be the duty of the Committee to examine every one of the Departments and Offices under Government and suggest ways and means for effecting savings by suitable reduction, reorganization and revision of the strength of establishments, scales of pay, allowances, etc., contingent and other grants and expenditure on supplies, services and works. Government consider it essential that this work of retrenchment should be carried out with all possible despatch and they trust that the Committee will make arrangements to complete its work by 1st January 1912. The Subsidy, the Civil List, and the Imperial Service Troops will be outside the scope of the Committee's enquiry.

Financial (General Finance), dated 30th March--3rd April 1911.

6. All Heads of Departments and Offices are requested to supply all the information required by the Committee, to attend its sittings whenever so desired, and to afford every facility to the Committee for the discharge of its responsible functions.

7. The Secretary to the Committee is requested to address Government regarding the subsidiary help he requires to carry out his duties and facilitate the business of the Committee.

8. The Government will be glad to be kept informed of the progress made in the work of the Committee by informal reports, say once a week.

Letter No. 4426—A. C. 537, dated the 19—28th January 1911, from the Comptroller, submitting with the usual returns and statistics, a Report on the working of the Savings Banks in Mysore during the year 1909-10.

No. FL. 5356-65—G. F. 302-10-2, DATED BANGALORE, 28TH APRIL 1911.

ORDER THEREON.—Recorded.

2. Government note with approval that the steps taken by the Comptroller in the matter of certain changes in the procedure relating to Savings Banks accounts have resulted in a more regular flow of work to his office as well as enabled the districts to send in their returns to him in time. They hope that with the introduction of the new system in its entirety better results will follow.

3. At the close of the year under report, the number of depositors was 25,804 against 25,189 in the preceding year, whilst the total balance held by them was Rs. 68,42,611 against Rs. 72,22,473 in 1908-09, and the average amount to the credit of each depositor was Rs. 264 against Rs. 287 in 1908-09.

4. As compared with the preceding year there was a fall of Rs. 4,12,710 in deposits. Government are inclined to think with the Comptroller that this was due to the effects of scarcity that prevailed during the latter part of the year 1908-09. That the withdrawals, however, were less than those of previous year by about 2 lakhs indicates that the scarcity only prevented deposits but did not compel withdrawals.

Proceedings of the Government of His Highness the Maharaja of Mysore,

Para 2 of Government Order No. FL. 200-1--G. F. 135-09, dated 15th July 1910, relating to the consideration of the question of the financial relation between the Government of His Highness the Maharaja and the Mysore Spinning and Manufacturing Company, Limited.

2. Correspondence ending with letter No. 3731, dated 15th December 1910, from the Comptroller and Managing Director of the Mill, submitting the valuation statements of the mill and buildings of the Mysore Spinning and Manufacturing Company, Limited, Bangalore.

No. FL. 5379—G. F. 135-09, DATED BANGALORE, 28TH APRIL 1911.

ORDER THEREON.—The matter of placing the financial relations between the Government and the Mysore Spinning and Manufacturing Company on a more satisfactory basis has been engaging the attention of Government for some time past.

2. Under clause 2 of the existing agreement between the Government and the Company, the former have to advance all necessary funds from time to time for the working of the latter's mills. Though the Government have advanced for working capital a sum of Rs. 1,49,452 still it is represented that the requirements of the Mill in respect of working capital are not at times, owing to the exigencies of the mill industry, as fully met as might be desired. On the other hand, Government do not consider it desirable to advance further sums on this account. It has moreover been represented that the Government having under the agreement a lien on all the properties of the Company, namely, buildings, machinery and floating stock, the agents are placed under some disadvantage in the matter of raising additional working capital in the open market, when such a course is rendered absolutely necessary. As a result, and in spite of all help and facility given by the Comptroller in his capacity as Managing Director, which has been acknowledged by the Company, the Mill has been working under somewhat unsatisfactory financial conditions and the difficulties have been further accentuated by the unfavourable conditions of the cotton mill industry during the last two or three years.

3. To put an end to this state of things, the Comptroller, who is the Managing Director of the Company, has, after considerable negotiation with the Company, submitted for the consideration of Government two alternative proposals.

4. According to the first proposal the Government would be required to release from their lien, such portions of the floating stock under their pledge as may be equivalent in value to the loans raised by the Agents on their own credit and utilised for the purposes of the mill. This proposal does not commend itself to Government as in their opinion it is rather complicated and is also attended with the risk of bringing Government interests into conflict with those of the other creditors from whom the additional working capital would be raised.

5. The second alternative contemplates the release from Government lien of the whole of the floating stock of the Mills under certain conditions. This is approved by Government and the conditions under which this arrangement will work are as follows:—

- (1) Government will release from their lien the entire floating stock, which is now security for the working capital advanced by them.
- (2) The Government will forego the right they have under the existing agreement and two-thirds of the Company's profits for a period of five years to enable the Company to improve their financial position and re-establish their credit so as to enable them to issue their unissued shares or to place debentures on the market, provided the Company, on the other hand, agree to—
- (3) consolidate all the debts now due to Government, namely, Rs. 3,88,006-2-0, into a single loan,
- (4) immediately pay back to Government a sum of one lakh out of the above consolidated loan,

Financial (General Finance), dated 28th April 1911.

(5) hold the buildings and machinery now existing and to be added as security for the balance of the consolidated loan, namely, Rs. 2,88,000-2-0,

(6) pay interest on the consolidated debt thus secured at the rate of four per cent per annum.

6. The Comptroller is requested to have a draft agreement prepared in consultation with the Agent of the Company and submit it for the approval of Government. In the new agreement the privileges, advantages and remedies open to Government under the existing agreement should be carefully preserved.

7. The Comptroller to Government should continue to be the Managing Director as heretofore and the right of Government to appoint an additional Director on the Board at Bombay and a Government Auditor will not in any way be affected by this arrangement.

Memo No. 10096, dated 1st April 1911, from the Revenue Commissioner in Mysore, forwarding Census Superintendent's letter No. 2571, dated 30th March 1911, requesting that, under the circumstances explained, a general order may be issued directing that approved service rendered in the Census Superintendent's and Abstraction Offices by officials holding permanent appointments carrying progressive salaries may be counted towards their periodical increments in their permanent offices and that the claims of officials for promotion in their own offices during their employment in the Census Department may not be lost sight of.

No. FL. 5219-58—CEN. 44-10-2, DATED BANGALORE, 24TH APRIL 1911.

ORDER THEREON.—Government consider it necessary for the efficient discharge of the work of the Census Department that a certain number of officials in permanent Government service should be employed in that Department, and that such officials should not suffer by their claims being ignored in arrangements made during their absence on other duty in the Census Department. Government are therefore pleased to accept the recommendation of the Census Superintendent and direct that such officials should be considered as entitled to periodical increments in their substantive appointments and to permanent promotions in their offices while employed on Census work in the same manner as if they were employed in their permanent offices. This will of course be subject to the condition that the services of such officials in the Census Department are certified by the Census Superintendent to have been satisfactory.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

(1) Letter No. 1166—65, dated the 5th September 1910, from the Registrar of the Chief Court of Mysore:—

"I am directed to submit for the favourable consideration and orders of Government, the accompanying proposals for revising the scale of the clerical establishment of this Court.

The establishment now consists of 34 hands, namely, one Head Translator on Rs. 100-5-120, six Translators, on pay ranging from Rs. 80-5-90 to Rs. 40, one Head Clerk on Rs. 100-5-115, one Deputy Clerk on Rs. 90-5-100, twenty-one clerks on Rs. 80 to 20, three Judges' clerks (one on Rs. 35 and two on Rs. 30) and one Librarian on Rs. 25. The pay and prospects of these hands leave much to be desired. To give instances, men who have rendered 11, 12 and 17 years' service are still on Rs. 30, one with 25 years is still on Rs. 35 and two with over 20 and 29 years are still on Rs. 45 and so on. Considering the nature of the work done by these officials on the staff of the Highest Court in the State and comparing their position with that of officials in other head-quarter offices, it seems very necessary, in order to better the prospects of these hard-worked officials and to attract duly qualified men to the service in future, to slightly revise the existing scale of pay.

The Judges have been considering for some time past how this can be effected without incurring much additional expenditure. Having regard to the small number of appointments and the slowness of promotion, it appears to them that a graded scale of pay would be most suitable. It is proposed to reduce the number of hands from 34 to 33 (in order to minimise the extra cost) and classify them as under:—

5 hands.....on	Rs. 20-1-25.
8 hands	" 25-2-35.
8 hands.....	" 35-3-50.
8 hands.....	" 50-4-70.
3 hands.....	" 80-4-100.
1 hand.....	" 100-4-120.

The scale is the usually adopted one which rises to the maximum by five annual increments. The minimum cost will be Rs. 1,320 as against Rs. 1,600 at present, the maximum Rs. 1,785 against Rs. 1,655, while the average cost Rs. 1,668-12-0 will only exceed the present average of Rs. 1,643-1-4 by Rs. 25-10-8 per mensem. The classification proposed will take in all the existing hands except one and allow of their starting on their present or in some cases on a higher salary in consideration of the fact that several of them have had no promotion for years. Past service may, as a special case be allowed, in the case of these officials, to count at starting, under the new scale, towards one increment in advance of present pay.

The reduction of one hand may be effected without prejudice to the work of the office and can be given effect to from the beginning of the next official year, when two of the officials, who have been granted extensions, will be eligible for retirement.

A proposition statement in the prescribed form is enclosed and I am to request the early sanction of Government for the same."

(2) Correspondence ending with letter No. 3906—246, dated the 23rd February 1911, from the same officer:—

"Adverting to your letter No. J. 2195—Cts. 113-09-2, dated the 3rd instant, I am directed to state that the scale of the clerical establishment of this Court sent up was prepared after carefully scrutinizing all possible means of reducing extra expenditure as well as after examining the cases of the existing officials for all of whom suitable places have to be provided in the revised scale, and to express the hope that, under the circumstances, the Government may be pleased to allow the small additional cost of Rs. 25-10-8 per mensem required to give effect to the scheme. If, however, this is not possible, I am to state that the only way in which a saving can be effected is by cutting out one of the hands in the last class on Rs. 20-1-25.

The proposition statement is retransmitted."

No. J. 2866-7—Cts. 113-10-4, DATED BANGALORE, 10TH APRIL 1911.

ORDER THEREON.—The above proposals for revising the scale of the clerical establishment of the Chief Court, commend themselves to Government, and they are accordingly pleased to sanction the proposition statement with the modification that in the last class, there shall be only four hands instead of five on Rs. 20-1-25. The revised establishment as thus sanctioned will be as shown in the statement appended.

The new scale will be brought into force from 1st July 1911.

Judicial and Legislative (Police), dated 19th April 1911.*

No. J. 2940-8—POLICE 48-10-4, DATED BANGALORE, 19TH APRIL 1911.

ORDER.—Some cases have been brought to the notice of Government in which dealers in arms in the State sold rifles to persons in British India who had only licenses for guns. Such sales to persons of weapons different from that for which they hold a license should be prevented and for this purpose it is necessary that licensed dealers in arms in Mysore should carefully examine the licenses of intending purchasers and if such purchasers are British Indian subjects, they should ascertain from the District Magistrates concerned the nature of the weapons covered by the licenses held by the intending purchasers. The Inspector-General of Police and the District Magistrates are therefore requested to instruct all dealers in arms in the State accordingly.

READ—

Letter No. 6177-585, dated the 5th April 1911, from the Inspector-General of Police forwarding a report on the working of the Mysore Arms Regulation during the calendar year 1910:—

1. I have the honor to forward herewith a report on the working of the Mysore Arms Regulation and the rules framed thereunder for the calendar year 1910.

2. The total number of licenses issued during the year ending 31st December 1910, was 15,708 against 16,402 in the year previous showing a net decrease of 694 licenses as detailed below:—

			Decrease	Increase
1. Bangalore	...	...	347	0
2. Kolar	...	...	81	0
3. Tumkur	...	...	14	0
4. Mysore	...	...	158	0
5. Hassan	...	...	132	0
6. Kadur	...	...	32	0
7. Chitaldrug	...	...	14	0
8. Shimoga	...	...	0	104
Total			798	104

Net decrease 694.

The decrease was in all the districts except Shimoga, where there was an increase of 104 licenses. The largest decrease was in the Districts of Bangalore, Mysore and Hassan, the figures being 347, 158 and 132 respectively. It is seen from Statement No. I hereto attached that there was a decrease under all the forms generally but chiefly in Form No. IV—License to possess arms or ammunition and to go armed for purposes of sport. The District Magistrates of Bangalore and Hassan attribute the decrease in their districts to late receipt of applications for renewal and the consequent non-issue of licenses within the year, while the District Magistrate, Mysore, says that the scrutiny exercised and the sparing issue of licenses during past two years, prevented several deserving applicants from applying for licenses.

The number of arms covered by the licenses was 16,545 fire-arms and 174 of other description against 17,142 fire-arms and 186 other arms during the preceding year.

3. Statement No. II appended furnishes particulars relating to sulphur. The total number of dealers in sulphur during the year was 72 or 12 less than in the previous year.

The opening balance of sulphur in stock with the dealers on the 1st January 1910, was 10 tons, 11 cwts. and 20½ lbs. or 12 cwts. 2 qrs. and 8½ lbs. less than the closing balance on the last day of December 1909. This deficiency in the opening balance was to the exclusion of the stock with four dealers (one in each of the Districts of Bangalore, Kolar, Mysore and Shimoga) who did not renew their licenses and transact business during the year under review.

Sulphur was chiefly used for fire-works and medicines.

4. Statement No. III shows the number of shops licensed under Forms II and III and the results of inspection by the Police and the Magistracy.

The total number of shops for which licenses were obtained during the year was 106 or 20 less than in the previous year. Of these, two shops had stopped business leaving a balance of 104 for inspection, 93 of these shops were inspected either by the Police or by the Magistrates while the remaining 11 shops were left uninspected. Police Inspectors inspected 51, Superintendents and Assistant Superintendents of Police 57 and Magistrates 46. The inspection work during the year is not satisfactory as 10.3 per cent of the shops remained uninspected against only 9.5 per cent in the year previous.

In 78 cases, 81 persons were prosecuted, of which 63 cases with 64 persons ended in conviction, 4 cases with 5 persons ended in acquittal or discharge and the remaining 11 cases and 12 persons remained pending at the close of the year.

The delay in the submission of the report is due to the receipt of district reports long after the due date as shown below:—

No. J. 3001-8—POLICE 182-10-2, DATED BANGALORE, 28TH APRIL 1911.

ORDER THEREON.—The total number of licenses issued during the year fell from 16,402 in 1909 to 15,708. The largest decrease was in the Bangalore District, being one-half of the total decrease for the State. The Mysore and Hassan Districts have also contributed materially towards the decrease.

2. It is explained that the diminution in Bangalore and Hassan Districts is due to the late presentation of applications for the grant and renewal of licenses. To a certain extent, therefore, the decrease is only nominal.

3. There was a large fall in the number of licenses issued in the Shimoga District during the year 1909, but alone among the districts of the State it shows a slight increase during the year under review.

4. The number of shops for which licenses were issued under the Regulation was 106 against 120 in the preceding year. As remarked by the Inspector-General, the inspection work during the year was not as satisfactory as even in the previous year.

5. The report was due on the 1st March 1911, but was submitted only in April. The attention of the District Magistrates is drawn to the remarks of the Inspector-General contained in the concluding portion of para 5 of the report.

Letter No. 5937—525, dated the 22nd March 1911, from the Inspector-General of Police in Mysore, forwarding the Report on the working of the Mysore Game and Fish Preservation Regulation during the calendar year 1910 :—

"1. The subjoined statement exhibits the number and description of licenses issued and the amount of license fees recovered therefrom during the year 1910 and in the preceding year :—

District	1909						1910						Remarks

Total ...	245	16	25	2	288	2,004	234	11	19	5	269	1,606	

The total number of licenses taken out during the year is 269 against 288 in the previous year, showing a decrease of 19 licenses. The decrease is in all the districts, except Hassan, Kadur and Chitaldrug, where there is a small increase.

The decrease is marked in the districts of Kolar and Bangalore, it being 9 and 8 respectively, but no reasons for the decrease have been assigned by these districts.

In the Chitaldrug District a sum of Rs. 1-8-0 is recovered in excess of the license fees actually due as per rules and this, the District Magistrate, explains as due to three European applicants having each produced an additional stamp paper of the value of annas 8. These additional stamp papers should properly speaking have been returned to the applicants instead of being credited towards license fees.

2. Of the 269 licenses issued during the year, 234 were District licenses, 11 District licenses including State Forests, 19 Provincial licenses and 5 Agricultural licenses to scare away wild animals. One hundred and seventy-four of the above licenses had been taken out by Europeans and Eurasians and 95 by natives.

3. The following statement shows the number of cases and persons prosecuted for violation of the provisions of the Regulation and the result of such prosecutions :—

Government Order No. 724-34—R. F. 82-93, dated the 29th August 1903, directing among other things on the subject of hittal kandayam that village site (Gamtan) occupied by houses and backyards attached thereto should not be assessed if the house and the backyard attached did not occupy more than 10 guntas and that the excess should be assessed if the area occupied exceeded 10 guntas.

2. Government Order No. 4013-22—L. R. 332-06-4, dated the 3rd January 1908, directing that the minimum extent of land allowed free of tax, viz., 10 guntas referred to above be raised to 20 guntas in the malnad parts.

3. Letter No. 270, dated the 25th January 1911, from the President of the District Board of Hassan, requesting instructions as to whether hittals measuring less than 10 guntas in Unions may be exempted from the hittal tax in the same way as hittals in Sirkar villages and whether the Government Orders on the subject of hittal kandayam above read, are intended to have effect, in Unions, since there is no provision in the Local Board Rules for levying a tax on occupied vacant sites.

No. 8340-7—L. B. 227-10-2, DATED BANGALORE, 10TH APRIL 1911.

ORDER THEREON.—The President is informed that the tax on vacant building sites and hittals is levied under the Government Orders read above and that the right to levy the same is not in any way affected by a village being declared a Union under the provisions of the Local Boards Regulation. The income derived from this source in a Union is assigned to the District Fund for the benefit of the Union in accordance with Government Order No. 9264-73—L. B. 231-07-15, dated the 15th April 1910.

Letter No. 169, dated the 6th May 1908, from the President of the Mysore City Municipal Council, requesting that the land revenue on dry, wet and garden lands situate within the Municipal limits may be credited to the Municipal Funds after deducting 10 per cent on account of establishment charges as is being done in the Bangalore City.

2. Letter No. 66, dated the 22nd December 1909, from the same officer, submitting a statement showing the extent and classification of the different kinds of lands, the revenue derived from which is proposed to be transferred to the Municipal Funds and the total amount (Rs. 3,874-8-0) of such revenue.

3. Letter No. 8838, dated the 3rd March 1910, from the Revenue Commissioner in Mysore, expressing his opinion that the small sacrifice from the general revenues which the proposal involves seems desirable and may be made.

4. Government Proceedings No. 4623-5—ML. 421-07-31, dated the 30th November 1910, passing orders in the matter of the maintenance charges of the Vini Vilas Water Works and the extent of the Mysore City Municipal Council's liability thereto.

No. 8126-7—ML. 552-07-6, DATED BANGALORE, 1ST APRIL 1911.

ORDER THEREON.—In their order of the 30th November 1910 above referred to, the Government have been pleased to grant a very liberal concession to the Municipal Council in respect of the maintenance charges of the Mysore City Water Works. In view of this fact and the remission of Rs. 50,000 granted as a loan for the electrification of the pumping plant at Belagola, the Government regret that they cannot accede to the request of the Municipal Council to assign to them the land revenue on lands situate within the limits of the Mysore City Municipality.

Letter No. 6337, dated 7th June 1910, from the Comptroller to Government, bringing to notice defalcation of Municipal revenue to the extent of Rs. 492-18-10 by P. Narasimha Sastri, shanbhog of IX. Malleswaram Division, Bangalore City, discovered by the special auditors in the course of auditing the Municipal accounts and stating that the defalcation though known to the Municipal authorities was not reported to Government and to the Comptroller as required by Article 20 of the Civil Account Code, Vol. I, 7th Edition, and requesting that orders may be issued prescribing that the procedure laid down in Article 20 of the Civil Account Code should be followed and that non-compliance with it would render the officer at fault liable to make good the loss without further enquiry.

2. Correspondence ending with letter No. 149, dated 24th December 1910, from the President, Bangalore City Municipal Council, submitting a detailed report regarding the defalcation of Municipal revenue by P. Narasimha Sastri, shanbhog of the IX. Malleswaram Division, and stating that no report was made to the Comptroller or to Government as Article 20 of the Civil Account Code referred to by the Comptroller is not applicable to Municipalities and as G. O. No. Fl. 3186-227—S. R. 45-05-3, dated 18th November 1905, was not available in the Municipal Office.

NO. 8487:527—ML. 185-10-5, DATED BANGALORE, 17TH APRIL 1911.

ORDER THEREON.—The Heads of Departments and Deputy Commissioners of Districts are requested to report to Government in future, on their occurrence or immediately on discovery, all cases of embezzlement or loss of public money or stores resulting from fraud or negligence of individuals or other cause.

2. A detailed report should be submitted stating the nature and extent of the loss, what the circumstances were which rendered the loss possible, how far it was due to defect of system of supervision, and how it can be avoided, and who the officers were that are responsible for the negligence. Should any delay be apprehended in enquiring into the matter for the purpose of eliciting correct information, a preliminary report should invariably be forwarded at once.

3. These instructions are applicable to all departments and to all items of Revenue, Provincial, Local and Municipal.

ORDER.—Instances have not infrequently occurred of Government servants taking long leave with the object of practising the legal or other profession, working as teachers in private schools or carrying on trade, during such leave; and heads of offices are obliged in such cases to make temporary arrangements for the conduct of official business which are necessarily unsatisfactory. Such a state of things detracts from the efficiency of the public service and Government are accordingly pleased to direct that save in very exceptional circumstances, no Government servant should be granted leave, whether with or without allowances, to allow of his practising at the bar or pursuing any other profession or calling and that any leave already given should be cancelled and the official recalled to duty or asked to resign his appointment if he is actually engaged in any of the above pursuits while on leave.

The following letter No. 317, dated the 13th January 1911, from the Deputy Commissioner, Mysore District:—

"In submitting herewith petition registered No. 257, dated 13th December 1910, received from Nanjundiah, Taluk Maistry, D. P. W. Office, Mandya, praying that the sum of Rs. 10 may be deposited in the Government Savings Bank and the annual interest accruing therefrom may be utilised for Abhishekam and Dadhyodana Nivedana in the Sri Srikanteswaraswami temple at Nanjangud, I have the honor to state that small sums are tendered by devotees as Pudevatt for the performance of certain stipulated services. The interest accruing on such sums being small, I am afraid that the Pudevatt accounts will swell up, cause confusion and give room for complaints. It is therefore highly desirable that some restriction should be placed regarding the acceptance of Pudevatt Funds. I would therefore propose that a general order be issued not to accept sums as Pudevatt whose annual interest is below one rupee.

2. Report No. 153—311, dated 17th December 1910, received from the Amildar, Nanjangud Taluk, representing the inconvenience caused by accepting small amounts, is herewith submitted for reference."

No. 2544-52—Muz. F. 360-10-2, DATED BANGALORE, 4TH APRIL 1911.

ORDER THEREON.—Government agree that some limit should be prescribed below which the Muzrai Department need not receive donations for investment on condition of using the accruing interest for special services to be performed in the name of the donor. They are pleased to direct that less than 100 (one hundred) rupees should not be received in this manner. In cases of smaller sums, the parties are welcome to invest the money in their own names in the Savings Bank or elsewhere and get any particular service that they choose performed in the temples from time to time.

2. This limit would of course, not apply to gifts of money or other articles made unconditionally to any temple or other Muzrai Institution.
